

AUTO FEED SCREW DRIVERS  
AND COLLATED FASTENERS

## FDVL42 - SPEED DRIVER

The FDVL42 Auto Feed Screw Driver is the workhorse of our stable of drivers. **Decks, Docks, Cement board, Sub Floors and Underlayment** installs are a breeze with 150 easy-load screw coils and easy adjustable T-handle for standup operation.

- Adjustable depth control for repeatable countersinking
- Drives 1" to 3" screws (#6, #8 & 10)
- No pre-drilling required even in Exotic Hardwoods like IPE
- No more dropped or lost screws
- 150 screws per easy load coil
- Work while standing up. Less stress on back and knees
- The tool stands on its own when not in use

### Customer Support That Counts

*When you work with our tools you are backed not only by the industry standard for power, speed, and quality but you have access to our extensive line of fasteners and our knowledgeable customer service staff. Pick up the phone or send an email anytime with questions about the right tools or fasteners for your job and we'll get you on the right track. Our priority is ensuring that your job gets done right.*
