

AUTO FEED SCREW DRIVERS
AND COLLATED FASTENERS

HDVL71- HEAVY DUTY DRIVER

The HDVL71 Auto Feed Screw Driver is a real power house. **Trailer, Bus and RV Floors and Side Walls** that require wood to steel fastening are achieved with ease with our specialized screws that pre-drill and countersink in one smooth operation.

- Adjustable depth control for repeatable countersinking
- Drives #12 to 1/4" screws 1 1/4" to 3"
- No pre-drilling required (steel / aluminum up to 3/16")
- No more dropped or lost screws
- 100 screws per easy load coil
- Work while standing up. Less physical stress
- Adjustable T-handle
- The tool stands on its own when not in use

Customer Support That Counts

When you work with our tools you are backed not only by the industry standard for power, speed, and quality but you have access to our extensive line of fasteners and our knowledgeable customer service staff. Pick up the phone or send an email anytime with questions about the right tools or fasteners for your job and we'll get you on the right track. Our priority is ensuring that you get the job done right.

HDVL71 Coil Auto Feed Screw Driving Systems

Get the Muro advantage, a simple one step process - no pre-drilling required with our systems, 100 fasteners per easy load coil. **Muro's patented Super Wing Screws are designed to ream a clearance hole so the threads do not engage in the wood. On contact with metal, reamer wings break off leaving the self drill point to drill the metal and self threading screw to pull the wood tight.**

These tools can handle many jobs, including: **Bus, R.V., Trailer Floor and Wall fabrication & restoration, Wood to steel framing, Mezzanine Floors, manufacturing of Commercial Vehicles; Horse & Utility Trailers.**

Model	Specifications	Screw Range (in.)
HDVL71-058	1200 RPM	1 - 4
HDVL71-083	1700 RPM	1 - 4
HDVL71-100	2100 RPM	1 - 4

Driver Bits - Double ended, last twice as long: SQR28118 (Square Drive #2), SQR38000 (Square Drive #3), PHL28118 (Phillips Drive #2), TX258118 (Torx Drive #25)

Features: Adjustable depth control for countersinking, Telescopic extension handle.
